

PRODUCT DATA SHEET

PEATBUILT+[®]

PeatBuilt+ 2-0-0

All natural Reed Sedge Peat in a consistent, easy-to-use granule. Use as a turf building base for grow-ins and new construction, top dressing or in divot mixes where OM is needed for establishing seed. Consistently meters in spreaders and wets readily. Ideal as a soil amendment for planters and beds.

Key Benefits

Water Retention

High carbon substrate captures water and slowly releases it to plants during dry periods.

Hydraulic Conductivity

Granular structure with favorable hydraulic characteristics similar to coarse sand.

Slow-Release Humic Acids

Provides long-term soil enrichment, releasing nutrients gradually to support sustained plant health and healthier soil.

Microbial Haven

Promotes a thriving microbial ecosystem, which is essential for nutrient cycling and overall soil health.

Properties

PHYSICAL FORM	CRUMBLE
MATRIX	100% REED SEDGE PEAT
BULK DENSITY	0.73 G/CM ³ (45.5 LB/FT ³)
AVG PARTICLE SIZE	140 SGN
MOISTURE CONTENT	10%
PH	6.5 – 7.5

IRON, FE (%)	0.48	PHOSPHORUS, P ₂ O ₅ (%)	0.099
MANGANESE, MN (%)	0.01	POTASSIUM, K ₂ O (%)	0.064
CARBON (TOTAL), C (%)	45.0	HUMIC ACID (%)	5.87
TOTAL NITROGEN, N (%)	2.5	FULVIC ACID (%)	9.71

Test methods available upon request

PRODUCT DATA SHEET

PEATBUILT+[®]

PeatBuilt+ 2-0-0

Application Instructions

General rate: Apply Peat+ at a rate of 5-10% by volume of the soil. Modify the application rate based on soil test results and specific soil conditions. If recommended, mix Peat+ with other organic amendments before application to enhance benefits.

New Constructions: Incorporate Peat+ into the soil during the initial planting phase. Spread the Peat+ evenly over the soil surface. Use a tiller, spade, or rake to incorporate it into the top 3-6 inches of soil. Apply approximately 10 pounds per 1000 square feet.

Post-Establishments: Apply Peat+ as a top dressing to established turf, particularly in problem areas needing soil improvement. Apply Peat+ evenly across the turf surface. Water thoroughly to help the product settle into the soil. Apply approximately 5-10 pounds per 1000 square feet.

Safety & Handling

Water Protective Gear: Use gloves, a mask, and eye protection when handling and applying to avoid inhalation or skin contact.

Storage: Store in a dry, cool place away from direct sunlight and moisture to maintain its effectiveness.
